Wood is a product of nature, and in some cases, will accentuate and enhance a project design when used in its purest, or natural, state. However, as a product of nature, each wood species has certain intrinsic and industry-acceptable characteristics, which can vary from tree to tree and flitch (half log) to flitch. It is precisely these naturally occurring variations that provide such richness and uniqueness to each project design. Natural veneers may contain sapwood/heartwood combinations, color streaks, spots and color variation from almost white to very dark.

# TERMS AND CONDITIONS

---

## **PAYMENT TERMS**

Payment terms are determined on a customer-by-customer and P.O. by P.O. basis. Terms will be shown on the American Veneer Products order acknowledgement. Days are measured from date of invoice, which is generally the agreed-upon date shown in the order acknowledgement as either the estimated "Ship Date" or "Ready Date". A penalty of 1.5% per month will be added to all accounts past 30 days.

In the event that American Veneer Products is required to engage a collection agency or attorney in order to enforce invoice payment, the customer will be responsible for reimbursement of all reasonable fees charged to American Veneer Products by such entities.

## **CREDIT POLICY**

A credit application will be provided to all requesting open credit terms. Credit terms will be extended at the discretion of American Veneer Products, Inc. upon verification of industry trade and business references. Until open credit terms are established, a 50% deposit may be required before production begins. If our credit investigation is not complete at the time the order is ready for will call or shipment, a request for payment of the balance in full will be made at that time. American Veneer Products reserves the right to require a 50% deposit on any order of \$5,000.00 or more regardless of the customer's past credit, and American Veneer Products reserves the right to change its deposit requirements at any time.

## **SHIPPING/FREIGHT**

All prices are F.O.B. American Veneer Products, Inc. factory, Pico Rivera, California, unless otherwise agreed to in writing. All freight and shipping charges are the sole responsibility of the customer unless American Veneer Products has informed the customer that it is on a "landed" shipping program whereby freight will be prepaid by American Veneer Products. Orders will be shipped Best Way at the discretion of the factory unless otherwise denoted on your purchase order. American Veneer Products, Inc. releases the responsibility to the freight company when they sign our Bill of Lading and leave our shipping dock. Items will be shipped blanket-wrapped unless cartoning is specified. Cartoning may involve an additional charge.

## **ORDER ACKNOWLEDGEMENTS**

American Veneer Products, Inc. will send acknowledgements for all customer purchase orders via email. It is the customer's responsibility to review the acknowledgement and inform American Veneer Products immediately of any errors or omissions. The acknowledgement acts as the final agreement between the customer and American Veneer Products, and supersedes all previous communication. Any changes made subsequently are subject to revised acknowledgements.

## **SHIP DATE or READY DATE**

Order acknowledgements shall contain the expected ship date or ready date for each customer purchase order. Provided the product for a particular purchase order is completed and ready for shipment on the estimated ship date or ready date, risk of ownership of the goods shall pass from American Veneer Products to customer. If customer requests a delay in ship date or ready date after production has begun, such delay may be granted at the sole discretion of American Veneer Products. In such cases, American Veneer Products reserves the right to charge storage and handling fees beginning on the originally agreed upon ship date or ready date as estimated and shown in the order acknowledgement. Furthermore, American Veneer Products may invoice customer once the order is confirmed as completed on or after the agreed-upon estimated ship date or ready date shown on the acknowledgment, even if the goods are still on American Veneer Products premises.
